October 7, 2020

Dear Breitung Township Schools parents, staff and community members,

Today, we received notification that someone associated with our school district – a staff member from Breitung Township Schools has tested positive for COVID-19. While we must protect the privacy of the person involved, we believe it is best to communicate transparently with you, so you can make well-informed decisions for your family.

There is nothing more important to Breitung Township Schools than the safety and health of our students, our staff and their families. We are working directly with county health officials to address this situation. They have recommended we share the following with you: If you or your student is identified as a close contact and needs to quarantine, you will be notified by the health department. If you are not identified as a close contact, you will not hear from them.

Breitung Township Schools is fortunate in that our students and staff have been very vigilant in following the protocol in our COVID-19 Preparedness and Response Plan and recommendations from our local health department and the CDC for managing the spread of this pandemic. We are grateful for the opportunity to serve you and your family, especially as we face this challenging situation together. Thank you for your support of Breitung Township Schools.

Sincerely,

Craig Allen, Superintendent
Breitung Township Schools
